173 Hours in Captivity Neelesh Misra, 2000 *Knowledge Ahead Book 8* Purang Rohini P, **End of the Line**
Neelesh Misra, 2001 Relying on access to exclusive information AP correspondent Neelesh Misra pieces together the jigsaw of sometimes conflicting accounts of the murders of the Nepalese royal family on June 1 2001 A wider national tragedy stands revealed a nation with one foot in the 16th century and the other uncomfortably in the 21st and of a king whose grand plans for making that transition a smooth one would in more ways than one be brutally thwarted **Nepal, Coping with Maoist Insurgency** Chuda Bahadur Shreshtha, 2004 **Women Writing in a Time of War, 1642-1689** Karen Britland, 2025-05-26 Women Writing in a Time of War 1642 1689 explores the stereotype of the apolitical woman who was nevertheless valuable as a messenger or secret agent during the English civil wars not least because her imagined lack of political acumen obscured her partisan behaviour It examines the interconnections between early modern men and women s cultural production analyzing the secret writing and communication strategies employed by agents and spies during the wars and arguing that an attention to clandestine modes of writing provides new insights into women s literary production during the conflict Encouraging us to understand such literary production differently Britland offers a new history of early modern political writing one deeply imbricated in but by no means exclusively focused on the literary work and experiences of women the non elite and the racially marginalized in early modern England and its colonial trade networks An attentiveness to the narrative strategies deployed by women writers during the English civil wars also helps us to think about the long histories subtending our own reading and writing practices Not only does the relative invisibility of female agents in our own historiography reveal a persistent tendency in contemporary criticism to overlook women s contributions to major historical events but the book argues the early modern instrumentalization of women s bodies particularly the bodies of women from non elite backgrounds who acted as couriers within elite communication networks acts as a caution against adopting contemporary methods of reading particularly computer aided reading that can downplay or ignore the contributions of women and non elite people This book makes a case for not separating our discussions of women from those of men nor for privileging analyses of the rich over those of the poor at the same time as it remains deeply embedded in the literary material and merchant cultures of later seventeenth century England **India Today International** , 2000 [Eyewitness Kashmir](#)
Arun Joshi, 2004 The Asian Commentary Series features contributions from senior media commentators who have extensive on location experience of key Asian regions and issues Each book in the series targeted at the intelligent reader thus presents gripping first hand analytical perspectives that serve to both inform and promote greater understanding of Asia Kashmir is the global hot spot More than being the nuclear flashpoint that it became twice since the triggering of the 1998 atomic bomb explosions by India and Pakistan the rise in Islamic terrorism post 9 11 has made it more dangerous and a focus of global attention Kashmir has the potential to explode due to the twin threats of nuclear conflagration and convergence of

activities of agents of influence It then proceeds to examine important issues in contemporary diplomacy including refugee diplomacy humanitarian diplomacy sovereignty norms and consular activities It concludes with an exploration of dilemmas that confront attempts to promote peace through multilateral means such as the limitations of peacemaking diplomacy the difficulty of promoting democratic governance and the problems associated with dealing with morally repugnant actors The book is grounded in the conception of diplomacy as a social practice with multiple players and recognises that the state has many different elements and that state actors live in worlds shaped not just by their relations with other states but also by their own complex domestic politics This book will be of much interest to students of diplomacy foreign policy and International Relations

Mary Queen of Scots in Captivity John Daniel Leader, 1880 Deadly Embrace Bruce Riedel, 2011-02-01 Pakistan and the United States have been locked in a deadly embrace for decades Successive American presidents from both parties have pursued narrow short term interests in the South Asian nation and many of the resulting policies proved counterproductive in the long term contributing to political instability and a radicalized public This background has helped set the stage for the global jihad confronting much of the world today In *Deadly Embrace* Bruce Riedel explores the forces behind these developments explaining how and why the history of Pakistan U S relations has unfolded as it has He explains what the United States can do now to repair the damage and how it can avoid making similar mistakes in dealing with extremist forces in Pakistan and beyond Riedel is one of America's foremost authorities on U S security South Asia and terrorism and he helped to craft President Obama's 2009 speech referring to the Pakistan Afghanistan borderlands as the most dangerous region of the world He follows up *The Search for al Qaeda* his influential 2008 analysis of the terror network's ideology and leadership with a sober authoritative and sometimes alarming look at the history importance and current role of Pakistan epicenter of the global jihad movement beginning with the history of U S Pakistan relations since the partitioning of the subcontinent in 1947 The relationship between Pakistan and America is a fascinating yet muddled story meandering through periods of friendship and enmity symbiosis and distrust it's no wonder that people in both nations are confused *Deadly Embrace* explains how the United States on several occasions actually helped the foes of democracy in Pakistan and aided in the development of the very enemies it is now fighting in the region The book seeks to unravel this paradox revealing and interpreting the tortuous path of relations between two very different nations which remain in many ways stuck with each other Afghanistan Niamatullah Ibrahimi, William Maley, 2019-11-28 This book offers an overview of the formation of the Afghan state and of the politics economic challenges and international relations of contemporary Afghanistan It opens with an account of some of the key features that make Afghanistan unique and proceeds to discuss how the Afghan state acquired a distinctive character as a rentier state In addition the authors outline a complex range of domestic and external factors that led to the breakdown of the state and how that breakdown gave rise to a set of challenges with which Afghan political and social actors have been struggling to deal since the 2001

international intervention that overthrew the anti modernist Taliban regime It then presents the different types of politics that Afghanistan has witnessed over the last two decades examines some of the most important features of the Afghan economy and demonstrates how Afghanistan s geopolitical location and international relations more broadly have complicated the task of promoting stability in the post 2001 period It concludes with some reflections on the factors that are likely to shape Afghanistan s future trajectory and notes that if there are hopes for a better future they largely rest on the shoulders of a globalised generation of younger Afghans This book will be of interest to students and scholars in the fields of Middle East and Central Asian studies international relations politics development studies and history
