Archard, 2014-11-15 The latest in a series of books looking at the Second World War in the air using old photographs focusing on the events of 1942 in Europe North Africa and Asia and the Pacific Certain Victory: Images of World War II in the Japanese Media David C. Earhart, 2015-06-01 This unique window on history employs hundreds of images and written records from Japanese periodicals during World War II to trace the nation s transformation from a colorful cosmopolitan empire in 1937 to a bleak total war society facing imminent destruction in 1945 The author draws upon his extensive collection of Japanese wartime publications to reconstruct the government controlled media s narrative of the war s goals and progress thus providing a close up look at how the war was shown to Japanese on the home front Many of these visual and written sources are rare in Japan and were previously unavailable in the West Strikingly the narrative remains consistent and convincing from victory to retreat and even as defeat looms large Earhart s nuanced reading of Japan s wartime media depicts a nation waging war against the world and a government terrorizing its own people At once informed scholarly and readily accessible this lavishly illustrated volume offers an accurate representation of the official Japanese narrative of the war in contemporary terms The images are fresh and compelling revealing a forgotten world by turns familiar and alien beautiful and stark poignant and terrifying **Under Fire: Women and World War II** Eveline Buchheim, Ralf Futselaar, 2014 Since the 1970s when the dominance of military histories of the World Wars ended and social historical histories of conflict rose to prominence women have come to play an increasingly important role in mainstream stories about the Second World War Although this is undeniably a valuable development the perspectives on women that arose have in many respects remained limiting although in new ways Women have been portrayed as carers as victims notably of sexual violence but rarely as agents of their own fate This volume focuses on this last group In spite of the undeniable suffering and victimization that befell so many women during the war for others the war also opened opportunities and awakened ambitions The articles in this volume which cover both Europe and Asia bring together some of the women who took initiatives of which they sometimes suffered the dire consequences sometimes enjoyed the fruits *Guide to Federal Records in the National Archives of the United States: Record groups 171-515* United States.
