Best known for his experimental film about its own making, *Symbiopsychotaxiplasm: Take One*, Greaves was an influential independent documentary filmmaker who produced, directed, shot, and edited more than a hundred films on a variety of social issues and on key African American figures ranging from Muhammad Ali to Ralph Bunche to Ida B. Wells. A multitalented artist, his career also included stints as a songwriter, a member of the Actors Studio, and during the late 1960s, a producer and cohost of *Black Journal*, the first national television show focused on African American culture and politics. This volume provides the first comprehensive overview of Greaves's remarkable career. It brings together a wide range of material, including a mix of incisive essays from critics and scholars, Greaves's own writings, an extensive meta-interview with Greaves, conversations with his wife and collaborator Louise Archambault, Greaves and his son David, and a critical dossier on *Symbiopsychotaxiplasm*. Together, they illuminate Greaves's mission to use filmmaking as a tool for transforming the ways African Americans were perceived by others and the ways they saw themselves. This landmark book is an essential resource on Greaves's work and his influence on independent cinema and African American culture. A People's History for the Classroom Bill Bigelow, Howard Zinn, 2008 Presents a collection of lessons and activities for teaching American history for students in middle school and high school. *The Woman Who Ate Chinatown* Shirley Fong-Torres, 2008-05-06 For nearly three decades, Shirley Fong Torres and her Wok Wiz Chinatown Tour staff guided 20,000 visitors a year through San Francisco's Chinatown. Jorden, 2013-12-18 This magnificent diplomatic memoir history by the American ambassador to Panama at the time should be required reading for every diplomat A classic Foreign Affairs The Panama Canal Treaties of 1977 were the most significant foreign policy achievement of the Carter administration Most Latin American nations had regarded the 1903 treaty and its later minor modifications as vestiges of American colonialism and obstacles to any long term stable relationship with the United States Hence at a time when conflicts were mushrooming in Central America the significance of the new Panama treaties cannot be overestimated Former Ambassador to Panama William J Jorden has provided the definitive account of the long and often contentious negotiations that produced those treaties It is a vividly written reconstruction of the complicated

process that began in 1964 and ended with ratification of the new pacts in 1978 Based on his personal involvement behind the scenes in the White House 1972 1974 and in the United States Embassy in Panama 1974 1978 Jorden has produced a unique living history Access to documents and the personalities of both governments and equally important Jorden s personal recollections of participants on both sides make this historical study an incomparable document of U S foreign relations In sum this is a history a handbook on diplomacy a course in government and a revelation of foreign policy in action all based on a fascinating and controversial episode in the US experience Jordan s closely knit account of those negotiations brings the whole question of colonialism into stark focus a vivid account of diplomacy in action The Christian Science Monitor *The Eastern Fleet and the Indian Ocean, 1942-1944* Charles Stephenson,2022-04-06 A study of the British Royal Navy s activities in the Indian Ocean during World War II led by Admiral Sir James Somerville The story of the British Eastern Fleet which operated in the Indian Ocean against Japan has rarely been told Although it was the largest fleet deployed by the Royal Navy prior to 1945 and played a vital part in the theatre it was sent to protect it has no place in the popular consciousness of the naval history of the Second World War So Charles Stephenson s deeply researched and absorbing narrative gives this forgotten fleet the recognition it deserves British pre war naval planning for the Far East is part of the story as is the disastrous loss of the battleship Prince of Wales and battlecruiser Repulse in 1941 but the body of the book focuses on the new fleet commanded by Admiral Sir James Somerville and its operations against the Japanese navy and aircraft as well as Japanese and German submarines Later in the war once the fleet had been reinforced with an American aircraft carrier it was strong enough to take more aggressive actions against the Japanese and these are described in vivid detail Charles Stephenson s authoritative study should appeal to readers who have a special interest in the war with Japan in naval history more generally and Royal Navy in particular Praise for *The Eastern Fleet and the Indian Ocean 1942 1944* This meticulously researched outstandingly clear well written and absorbing account is long overdue and will most likely become a standard work The text is most helpfully supported by over 80 pages of detailed end notes referenced to each chapter and a detailed index This is not only a book for naval historians but also for anyone with an interest in the War in the Indian Ocean region Highly recommended Military Historical Society I enjoyed this book it gives us an account of an often neglected part of the war at sea and of the achievements of Admiral Somerville who kept his fleet intact in the face of a potentially overwhelming opponent then was willing to acknowledge that his fleet needed to improve massively before it could take on the Japanese Dr John Rickard author and webmaster of the Military History Encyclopedia on the Web **The Contest for Knowledge** Maria Gaetana Agnesi,2005-05-16 At a time when women were generally excluded from scholarly discourse in the intellectual centers of Europe four extraordinary female letterate proved their parity as they lectured in prominent scientific and literary academies and published in respected journals During the Italian Enlightenment Maria Gaetana Agnesi Giuseppa Eleonora Barbapiccola Diamante Medaglia Faini and Aretafila Savini de Rossi were afforded unprecedented deference in academic

debates and epitomized the increasing ability of women to influence public discourse The Contest for Knowledge reveals how these four women used the methods and themes of their male counterparts to add their voices to the vigorous and prolific debate over the education of women during the eighteenth century In the texts gathered here the women discuss the issues they themselves thought most urgent for the equality of women in Italian society specifically and in European culture more broadly Their thoughts on this important subject reveal how crucial the eighteenth century was in the long history of debates about women in the academy The Imperfect State John Barron,2010-11 *Beyond the Second Sophistic* Tim

Whitmarsh,2020-05-05 The Second Sophistic traditionally refers to a period at the height of the Roman Empire s power that witnessed a flourishing of Greek rhetoric and oratory and since the 19th century it has often been viewed as a defense of Hellenic civilization against the domination of Rome This book proposes a very different model Covering popular fiction poetry and Greco Jewish material it argues for a rich dynamic and diverse culture which cannot be reduced to a simple model of continuity Shining new light on a series of playful imaginative texts that are left out of the traditional accounts of Greek literature Whitmarsh models a more adventurous exploratory approach to later Greek culture *Beyond the Second Sophistic* offers not only a new way of looking at Greek literature from 300 BCE onwards but also a challenge to the Eurocentric aristocratic constructions placed on the Greek heritage Accessible and lively it will appeal to students and scholars of Greek literature and culture Hellenistic Judaism world literature and cultural theory **The Sentinels of Eden (complete**
