*The Boy Question* Mark Roberts, 2021-06-29 Following on from the huge success of *Boys Don't Try* this essential new book answers nine key questions about how teachers and schools can best tackle boys' academic underperformance. For decades schools have grappled with the most significant barriers to male academic success: a lack of motivation to succeed, poor attitudes to learning, lower literacy levels and a reluctance to read for pleasure or write at length. In this compelling book Mark Roberts provides clear answers about how teachers can tackle *The Boy Question*. Each chapter answers a frequently asked question about how best to teach boys, outlining the issue and demonstrating what can be done about it. Informed by a wealth of research and the author's personal experience of successfully teaching boys, this book offers an abundance of practical advice for the busy classroom teacher. It will shine a light on what makes boys tick and how we can design effective curriculums to ensure they can best acquire powerful knowledge. With practical advice and examples to help address anti-social attitudes and stem the cycle of boys' underachievement, this is essential reading for all teachers and school leaders.

**Inclusive Educational Practice** Teresa Grainger, Janet Tod, 2013-10-28 First Published in 2001 An inclusive education is one which seeks to respond to individual differences through an entitlement of all learners to common curricula. Armstrong and Barton 2000 This book attempts to respond to this definition of inclusion by examining the principles of the literacy curriculum and a range of pedagogic practices. The complex relationships between inclusion, literacy and learning are acknowledged and it is argued that quality learning in language and literacy can work towards increased equity and involvement within the classroom community.

**Developing a Love of Reading and Books** Angela Gill, Megan Stephenson, David Waugh, 2021-02-10 nursing children read for pleasure and develop a life-long love of reading is a priority for all primary school teachers. The National Curriculum focuses heavily on promoting reading for pleasure and engaging pupils using a range of diverse and inclusive texts and materials. This text supports trainee teachers working towards primary QTS and Early Career Teachers to understand the importance of supporting children to become readers who enjoy reading for pleasure and develop higher-level reading skills. It includes guidance, case studies and theoretical perspectives to show trainee teachers how they can develop children's reading.
